MARIANA PEREIRA

Full Stack Developer & Architect

Profile

Portuguese architect and full stack developer living in Stockholm. Hard-working, dedicated and creative developer with valuable design skills from my architectural background.

Achievements

• Managed a team of 7 people and was responsible for 94 children as summer camp coordinator;
• Co-coordinated and enpowered team with more than 20 people to work with 500 children on the same day;
• Greatly improved the grades of all my tutoring center students.
